ABC SAFETY CONSULTATION MEMBER

As a contractor, whether you have a full time safety professional or not, safety remains an important aspect of operating your business.

A safe work environment also equates to more money in your pocket for lower worker's compensation rates and less out-of-pocket expenses for accidents.

As an **ABC Safety Consultant Member** you may receive up to sixteen (16) hours every month of a combination of safety consultant services or scheduled safety training. **BECOME A MEMBER TODAY TO TAKE ADVANTAGE OF THESE COST SAVING PACKAGES!**

Package pricing is based on services provided from date of purchase. Choice of quarterly Invoicing or Quarterly Automatic Card

Terms of package: Purchaser may use the allotted hours in any combination, not to exceed the hours. Example: Fall protection training equals 2 hours (employer can send as many people as he/she wants to class & the class counts as 2 hours total, not per employee). After training the employer has 14 hours remaining.

Unused hours will rollover to the following month, excluding the last month of the contract. Any unused hours upon completion of the contract are forfeited by the employer. Hours cannot exceed 30 in any one month.

Hours may be rolled over in order to receive more comprehensive and time consuming training, e.g. OSHA 30 Hour. Call 317.596.4950 x-104 for more information regarding roll over hours.

In-House/unscheduled training would be in addition to purchased package price. Call Darren Baker to discuss details.
